Reveal

WARGANIZATION

Everything here, close to me
Is just the way I want it to be
It's all about faith, it's all about trust
All about luck, not about lust
My wish comes true
My wish comes trueI don't mind showing for you
I reveal everything for you
Just about anythingCould it be night, could it be day
Floating in space I was drifting away
You're making me warm, you're making me high
I feel like laughing where I used to cry
My wish comes true
My dream comes trueI don't mind showing for you
I reveal everything for you
Just about anything for you
I reveal everything for you
Just about anythingI don't mind showing for you
I reveal everything for you
Just about anything for you
I reveal everything for you
Just about anything for you
Everything for you
Anything for you
