

# Watcher in the Sky (Live at Wacken Open Air 1998)

## Iron Savior

I'm watching the mountains  
I'm watching the sea  
Observing the creatures  
I am lost - set me free!  
Across the heavens I made my way  
I've seen empires rise and blown away  
I have arrived my destiny  
But after all there's just emptiness in me  
Out in the darkness - I am going mad  
Where are the others - there's silence in my head  
'Cause I'm a watcher in the sky  
I've seen universes die  
Out in the cold my systems overload  
I'm here and lost in time  
Watcher in the sky - sky  
I am trapped in this nightmare  
Endless tortures and pain  
Millenniums have gone by  
Uhhh, it drives me insane!  
Who am I now?  
I'm not a man - I'm not machine  
I gave my life for it for the Iron Savior dream  
'Cause I'm a watcher in the sky...  
Hooked - hooked to the circuits  
Of a lifeless, cold machine  
Lost in a world of artificial means  
Ripped - ripped out of my body  
I'll stand the test of time  
Am I perpetual - Am I devine?  
I'm the watcher in the sky  
My soul has drowned  
In the tears I cannot cry  
I'm the watcher the chosen one  
But I am lost in time  
I'm the watcher in the sky  
I've seen the years gone by  
I am the chosen one  
Out in the cold my systems overload  
I'm here and lost in time

Watcher in the sky - sky  
Watching the mountains  
Watching the sea  
Watching the creatures  
You'll never be free  
Watcher in the sky - sky
