Start a Riot

Jetta

Freeze in the fire
Feeding the lions roar
Breathe in the silence
And we bring it alive
OoohStealing the dark
Erasing the shadows
We're leading the stars
Seeing with our eyes closedMy heart aches
My heart aches
My heart aches
When I think of youAnd my heartache
My heartache
My heartache
Then I think of you2x
(And we could)
Run away with it
Runaway with me
Runaway start a riotMaking a vow
You're tasting the tonic cold
Bitter without
Breaking a promise ohhMy heart aches
My heart aches
My heart aches
When I think of youAnd my heartache
My heartache
My heartache
Then I think of you2x
(And we could)
Run away with it
Runaway with me
Runaway start a riotBut it's alright
Let it burn off
Yeah it's alright
Let it all goMy heart aches
My heart aches
My heart aches
When I think of youAnd my heartache
My heartache
My heartache

Then I think of you2x
(And we could)
Run away with it
Runaway with me
Runaway start a riotRunaway with me x2
Runaway start a riotRunaway with me x2
Runaway start a riot
