Just A Dream

The Alternate Routes

Don't blame it on the weekend
Summer had to end
When one foot's going forward
One knee's about to bend
So take what you can carry
And let's be on our wayIt's all a dream
It's all a dream is all
You try to get it back
But it's never quite enough
You know it's all
All a dream
It's all a dream is all
And you know I'll be there waiting
When the sun starts coming up
It's all a dreamI make peace with my anger
When fire wants to fight
And there's no greater danger
Then turning out the light
So I surrender baby
I'd rather go back homeIt's all a dream
It's all a dream is all
You try to get it back
But it's never quite enough
You know it's all
All a dream
It's all a dream is all
But you know I'll be there waiting
When the sun starts coming up
It's all a dreamThe one's that love you
See you all at once
The one's that love you
See you all at once
The one's that love you
See you all at onceIt's all a dream
It's all a dream is all
You try to get it back
But it's never quite enough
You know it's all
All a dream

It's all a dream is all
But you know I'll be there waiting
When the sun starts coming up
It's all a dreamIt's all a dream
It's all a dream
It's all a dream
It's all a dream is all
