

Where We Land

[Ed Sheeran](#)

Treat me beneath this clear night sky
And I will lie with you
I start to feel those butterflies
When Iâ€™m next to you

Tell me your secrets
Give me a friend
Let all the good times flood in
Do I love you?
Do I hate you?
I canâ€™t make up my mind
So letâ€™s freefall
See where we land

Itâ€™s been this way since we were young
Weâ€™ll fight and then make up
Iâ€™ll breathe your air into my lungs
When I feel your touch

Tell me your secrets
Give me a friend
Let all the good times flood in
Do I love you?
Do I hate you?
I canâ€™t make up my mind
So letâ€™s freefall
And see where we land
