# Embrace Another Fall

## Robert Plant

Oh I often think of you
The hour before it rains
Across the broken days
That brought me home againYou walked into my life
Awoke my spirit soul
You saved me from my deep
Farewell my wondrous homeOh! The life upon your lips
Your heart could not foresee
Tangle I became
That brings me home againEmbrace another fall
My year is worn and cold
To you I bare my soul
My summer's almost goneOh, so blue must turn to grey
And out upon the shire
All through the frost and rain
I make my homeMi glydwais fod yr 'hedydd
Wedi marw ar y mynydd
Pe gwyddwn i mai gwir y geiriau
Awn a gyrr o wyr ac arfau
I gyrchu corff yr 'hedydd adre
I gyrchu corff yr 'hedydd adre
