Digitalism

Black Sun came and changed our name
Made our lives this simple stain
Drove the children from their chores
Handcrafted housewives into whoresSociety snake it ate our brains
Injected poison in our veins
T.V. minds hip swing grinds
Faces cracked and filled with lines
Black sun came and changed our name
Made our lives this simple stainIntravenous T.V. feeds
Bedroom violence all he sees
Ride the lightning to the sky
Stab the clouds and watch them cry
Black sun came and changed our name
Made our lives this simple stainAll we do is smite
for what we think is right
Sound of mind bereft of sight
Denial taking human lifeClouds go by children run
Gulls do nosedives in the sun
Water falling from a spout
into wanting thirsty mouthsBlack sun came and changed out name
Made our lives this simple stain
Made our lives this simple stain
Made our lives this simple stainAll we do is smite
for what we think is right
Sound of mind bereft of sight
Denial taking human lifeAll we do is smite
for what we think is right
Sound of mind bereft of sight
Endless blinding cathode light
