

Stranger to Paradise

Claire Blanca

Stranger to paradise, oh no, you're not so nice.

I've been around a few, a few of you.

And your aura of blue

And your aura of blue

You keep secrets, and I keep quiet.

You keep loving, and I go mad.

Oh baby why you make so sad?

So sad

Stranger to loving you

Stranger to anything new

I've been around a few, a few of you

And your aura of blue

And your aura of blue.

Oh walk away, oh it's easy

To walk away, oh baby

Stranger to paradise

Stranger to paradise, oh no you're not so nice

I've been around a few, a few of you

and your aura of blue

and your aura of blue

Stranger to paradise, oh no you're not so nice

I've been around a few, a few of you

and your aura of blue

and your aura of blue
