All For Nothing (4-Track Demo)

The Muffs

You wish, you wish
Don't sit and die for all to see
When I can't get through
Don't you know you're killing meAm I wise to run away
Are you the kind to always say
Give it a chance
I don't want to think it was all for nothingI can't think kind of you
I'm not in my right mind
If I fall asleep
Say goodbye I know you'll keepMoving on to what's her name
Give it some time it'll be the same
Do it again
You don't want to think it was all for nothing
It was all for nothingAnd if you come too late
And take me right away
Then you'll be sad
'Cause I'll be gone foreverYou wish, you wish
Don't sit and die for all to see
If I can't get through
Don't you know you're killing meAm I wise to run away
Are you the kind to always say
Give it a chance
You don't want to think it was all for nothing
It was all for nothing
It was all for nothing
