Broken Things

K.C. Clifford

Sometimes the road is crystal
And sometimes I feel like I'm losing my mind
Tell me what it is you think you're missing
And I will see what I can find
You want to be so sure of
Every step you take but
You can't always know what's coming
You can't always trust the twist of fate
Well oh my love
My heart is set on you
Set on you
Oh my love
My heart is set on you
Set on you
The stars shine down from the black
And we're picking through this broken glass
Well how could we know that our lives would be so
Full of beautifully broken things
Well oh my love
My heart is set on you

Set on you
Oh my love
My heart is set on you
Set on you
War is the most vulgar madness
And winters can be so cruel
You can't always change the way things are like that
Can't change the way I think of you but
Well oh my love
My heart is set on you
Set on you
Oh my love
My heart is set on you
Set on you
Oh my love
Oh my love
My love
Oh my love

My heart is set on you
Set on you
