Minneapolis

That Dog

I was at the Jabberjaw
The cutest boy I ever saw
He was standin' behind me
He was such a dreamHe kept looking right my way
I wanna see him every day
Randy told me where he lives
In MinneapolisHung around till closing time
I wanna make him mine all mine
Told my friends I want to leave
They embarrassed meI took out my keys for my car
Walked down the street, not very far
He came running after me
He saw me at the entryMinneapolis
Minneapolis
Minneapolis
Minneapolis
Minneapolis
Minneapolis
MinneapHe said, I heard you ask about me
And I responded yes quietly
He said, "I'm leaving on Wednesday
Come see me when low plays"So I went to see him again
He should be my new best friend
Running so romantically
Down the street for meSo he said, he'd write or call
'Cuz I'll be touring in the fall
He said he wanted me to move
But that just won't doTo Minneapolis
Minneapolis
Minneapolis
Minneapolis
Minneapolis
Minneapolis
Minneapolis
Minneapolis
Minneapolis
Minneapolis
