Get Up for Love

Newsboys

Island life in the sun
Tryin to hide from everyone
Livin a life that pleases you
Big walls that hide youWhere were you those days, woo
When love called, you were away, woo
You know people lost, yeah
Bring down those walls yeahIt's time to make a stand
Get up, get up
It's time to take the land
Get up, get up for loveIsland life in the sun
Tryin to hide from everyone
Livin a life that pleases you
Big walls that hide youFriends lost with hell to pay, woo
Will you let them go that way
People caught by death yeah, woo
Do you love the lost yeah, wooIt's time to make a stand
Get up, get up
It's time to take the land
Get up, get up for loveThe devil comes to rob and to steal
Secret believer, believe me its realIt's time to make a stand
Get up, get up
It's time to take the land
Get up, get up for love
