The Cure And The Cause

Fish Go Deep

You give sweet and how easily I fall deep
Your touch pours like honey on my skin
It's smooth but it lingers
(Too long)You the cure and the cause of my blues
My only flaw, your sea, it can be freezing
I thought I'd floatI sink deeper blue, by you I'm consumed
Oh, I'm such a fool thinking I won't get caught
In your downhill flow
Got swept away, but what good is a beautiful day, I'm aloneYou, the cure and the cause of my blues
My only flaw, you keep needing
You keep calling even from
(Behind)
A shut doorWhen you step from view I can still see you
Your shadow tells me more
Don't take your love awayJust a few things before I head on my way
I think you're wonderful and good when you want to be
You are what I want but not what I needAnd you are no good for me
Because you and the cure
And you are the cause of my blues
Cure me, come cure me, please cure meDon't take your love away
