# Honey Bee

## Sidewalk Dave

Oh my little honey bee
I'm so glad you stung me
You've become my weakness
Now I've got your sweetness
All up in my hair
Honey bee I swear
We make quite a pair
Oh my little honey bee
Oh my little honey bee
I'm so glad you stung me
Buzz around your hive now
You're in overdrive now
Give me such a thrill
Honey bee be still
Oh my little honey bee

Oh my little honey bee
I'm so glad you stung me
Now I've got your honey
All over my tummy
Honey bee, it's heaven
Twenty-four seven
Oh my little honey bee
Oh my little honey bee
I'm so glad you stung me
You've become my weakness
Now I've got your sweetness
All up in my hair
Honey bee I swear
We make quite a pair
Oh my little honey bee
