Get Away

Mitchel Musso

I'm not sure
What this is between us
No matter what they say we've outgrown this place
Yeah, we've got to get away'Cause I, I know
I-it's crazy
But maybe we could leave it all behind
Just say it 'cause I know what's on your mindMaybe we should get away
Baby, we could leave this town together
Maybe we could find our place
We could make it
(We're gonna make it, we're gonna make it)Baby, we can get away
And we don't have to wait to start forever
This could be our only chance, we should take it
(We oughta take it)
Baby, we should get awayNo one said
It's gonna be easy, and believe me
I know what I want
Just take my handDon't look back even if I have to
Driving fast and they can't stop you
I know you're scared, there's nothing to fear
N-n-nothing to fearMaybe we should get away
Baby, we could leave this town together
Maybe we could find our place
We could make it
(We're gonna make it, we're gonna make it)Baby, we can get away
And we don't have to wait to start forever
This could be our only chance, we should take it
(We oughta take it)
Baby, we should get awayDon't stop, let the music move you
Don't stop, let the rhythm run through you
Don't stop, let the music move you
Don't stop, let the rhythm take youI know that she's coming and we're going tonight
And like a movie you know we're feeling alright
I know that we're going and you got it, yeah
Come on, pretty baby, let's get up on the night hereMaybe we should get away
Baby, we could leave this town together
Maybe we could find our place
We could make it
(We're gonna make it, we're gonna make it)Baby, we can get away

And we don't have to wait to start forever
This could be our only chance, we should take it
(We oughta take it)
Baby, we should get awayMaybe we should get away
Baby, we could leave this town together
Maybe we could find our place
We could make it
(We're gonna make it, we're gonna make it)Baby, we can get away
And we don't have to wait to start forever
This could be our only chance, we should take it
(We oughta take it)
Baby, we should get awayMaybe we should get away
Baby, we could leave this town
