Numb

Usher

They say life is a battlefield,
I say bring it on.
If you wanna know how I feel,
Leave it till it's gone.
I'm just saying that what don't kill ... only makes you strong.
If you don't recognize what is real,Then forever is a long, long, long, long, long, long, long, long, time.
Some things never change, here we go again
Feel like i'm losing my mind
Shake it off, then you go I don't care anymore,Just go numb.....you never know until you let go
Let's go numb,
I can feel you now.Keep on doing the same old thing,
And you expecting change.
Well is that really insanity
Or just a losers' game?
I only trust in the things I feel,
Some may say that's ..... strange.
You better recognize what is real,
Cause forever is a long, long, long, long, long, long, long, long, time.....Some things never change, here we go again.
Feel like i'm losing my mind.
Shake it off, then you go, I don't care anymore
Just go numb.
You never know until you let go
We all go numb.I can feel you now. (numb.....numb.....)I can feel you now,I can feel you now.I can feel you now.But you can't feel it til yourNuuuuumb.....Shake it off, then you go I don't care anymore (Nuuuuumb)
I can feel you now (Nuuuummmmbbbbb).
I can feel you now (Nuuuummmmbbbbb).
I can feel you now (Nuuuummmmbbbbb).I can feel you now.
Can you feel it?
