Hey, Iâ€™m gonna tell about this
This story about love of men
Yeah, yeah, my baby, baby

Hot times, when you open my eyes to me
All my lifetime, all I need is you
Even if you shake me and make me suffer,
you are my only person
Who I canâ€™t help but acknowledge

Even if Iâ€™m tired of reality and fight it
This world definitely isnâ€™t easy
Since Iâ€™m a man, I suppress it all, I endure it all
I donâ€™t wanna be there
Iâ€™m lonely and sometimes scared
and I donâ€™t even know the reason why

Iâ€™ve changed after meeting you,
Iâ€™m no longer afraid or hurting
I live each day in anticipation,
since itâ€™s you, Iâ€™m okay

(Hey girl, listen)
Hot times, when I still your lips
All of my heart turns to white ashes
Even when I spend the night up
I was thirsty so I couldnâ€™t stop myself

Hot times, when you open my eyes to me
All my lifetime, all I need is you
Even if you shake me and make me suffer,

you are my only person
Who I canâ€™t help but acknowledge

I come to know your more and more,
even if I become blind
I would still be able to find you right away
Your scent (Do you know)
and your body heat (What Iâ€™m sayinâ€™?)
Will fill this space completely

I donâ€™t want to pretend, I want to be truthful
Iâ€™m even okay with being a slave if itâ€™s by your side
Even if you make fun of me for being a fool
Iâ€™ll promise you, Iâ€™ll stay with you
No matter what my reason. baby

Hot times, when I still your lips
All of my heart turns to white ashes
Even when I spend the night up
I was thirsty so I couldnâ€™t stop myself

Hot times, when you open my eyes to me
All my lifetime, all I need is you
Even if you shake me and make me suffer,
you are my only person
Who I canâ€™t help but acknowledge

This time I spend with you,
the countless kisses that I give and receive
Letâ€™s never break up
(Letâ€™s never ever be torn apart)
Letâ€™s not walk through the Deoksu Palace stone wall path
Letâ€™s not open our eyes when we kiss
Letâ€™s not walk when we link our pinkies
I never want to test our beautiful love

Yeah, yeah, yeah, my baby
That I miss you even when youâ€™re beside me
That my heart burns just at the thought of you
That I shed tears from the words â€œI love youâ€•
By being on my side and trusting me is love

Hot times, when I still your lips
All of my heart turns to white ashes
Even when I spend the night up

I was thirsty so I couldnâ€™t stop myself

Hot times, when you open my eyes to me
All my lifetime, all I need is you
Even if you shake me and make me suffer,
you are my only person
Who I canâ€™t help but acknowledge

(Ohh)
Letâ€™s not walk through the Deoksu Palace stone wall path
Letâ€™s not open our eyes when we kiss
Letâ€™s not walk when we link our pinkies
Letâ€™s never never test our love
Letâ€™s never test
Yeah
