Enchant

Did everybody spit upon you?
God dealt a card you didn't ask for
Are you the one they throw the change to
While the other hand locks the door
What are you in for?What if I could rise and take this mat with me
And what if I had eyes that couldn't help but see
And what if I could fly, why not it's never going to beSo tell me what are you accused of
That you should be incarcerated?
Can you endure a life with no love
Or is this a life at all?
What are you in forWhat if I could rise and take this mat with me
And what if I had eyes that couldn't help but see
And what if I could fly, why not it's never going to beHe put berries on a vine, stirred waves into the sea
He put planets in a line, but he didn't finish me
He made day time and the night, so you'd appreciate the sun
I am the darkness to your light, so that you'll be glad you're one
Of the lucky ones with all your sanity to spare
So keep pretending not to see me, I'll keep pretending not to careWhat if I could rise and take this mat with me
And what if I had eyes that couldn't help but see
And what if I could fly, why not it's never going to be
And what if I could fly and take this mat with me
