Superstar

Ghostface Killah

He's a superstar, yeah
He's a superstar, yeah
(Told y'all)
He's a superstar, yeahSuperstar, blowin' smoke at the hookah bar
The bullet wound on my neck is a Ruger scar
Pop bottles yo but not just 'pagne
You drink Cristal? Well, that's a damn shameI down Ketel One, bottles of that Grey Goose
That white Hennessy, then I smash the booth
A real superstar, check out the booty, y'all
Red and white green hair, that's Gucci pahLook how the jacket matches loafers, it's lookin' crazy
Dutches pumped up, plus I live in Macy's
This is Theodore, they call me Starkalicious
'Cause my tongue game, is a little vicious
I got stupid money, so I'ma keep payin'
I keep the paparazzi and the fans sayin'He's a superstar, yeah
He's a super, super, super, superstar
(He is a superstar)
He's a super, super, super, superstar
(Oh, he is, yeah)
He's a super, super, super, superstar
(Oh, yes, he is a superstar, yeah)
He's a superstar, yeahMink coats, rock diamond wristlets
Bankroll so thick I don't need a wish list
Chain swing down to my torn meniscus
Red carpet affair, superstar statusWish Mike was here to tell you, I'm the Baddest
Stalked by TMZ, wanted by Oprah
Followed everywhere from the Garden to the Copa
Take some more vanilla, bean to the mocha
Toca, Tone be quick fast to poke yaThe Ace of Spade of the deck, use your choker
Glossy, always the center of attraction
And I bring Redman if it's time for some action
Grimy, consumed on the forest top ten of tree
Beast of the food chain, that's how it's meant to beHe's a superstar, yeah
He's a super, super, super, superstar
(He is a superstar)
He's a super, super, super, superstar
(Oh, he is, yeah)
He's a super, super, super, superstar
(Oh, yes, he is a superstar, yeah)

He's a superstar, yeahAward show skyscraper presence in your memories
Spotlight forever, reflect on my accessories
Exotic with it 'til your vomit be the recipe
Movin' forward ain't nothin' at all ahead of meLegendary remedy 'til it's medical, get it?
Magnetic and be the most incredible with it
More than legend but riddich, mosh pit lyrically
God sent to the point see the cynical imageBe on the star source, travellin' to Venus
Now you look at me as weird while I morph into a genius
Sometimes it's startlin' the way that people see us
But the dick ride be heavy and be weighin' on my penisFunny how the love be fake but I ain't stressin'
Thankful for the love that's genuine appreciate the blessing
Rockstar livin' while I'm handlin' my biz
Shinin' brighter than the sun, y'all niggaz know just what it isHe's a superstar, yeah
He's a super, super, super, superstar
(He is a superstar)
He's a super, super, super, superstar
(Oh, he is, yeah)

(Oh, yes, he is a superstar, yeah)
He's a superstar, yeah
