# When It Rains

## David Hamburger

When it rains I pour a couple more rounds
Till the hurtin' and the heartache starts to drown
I turn out the light I turn up Dwight
And I lock my door oh when it rains, when it rains, I pour
When life ain't going my way
And I can't take one more day of gray
Hey hey it's okay
I don't need a dose of Dr. Phil
I don't need your make it all better pill
When I'm low, don't you know don't you know?
When it rains I pour a couple more rounds
Till the hurtin' and the heartache starts to drown
Turn out the light turn up Dwight
And I lock my door oh when it rains, when it rains, I pour
I don't have to have a girls night out
Or runaround with a rowdy crowd to get down
Whiskey bent hell bound
When I feel like I ain't got a friend
I just call on my old buddy Jim
Again and again I like him
When it rains I pour a couple more rounds
Till the hurtin' and the heartache starts to drown
I turn out the light, I turn up Dwight
And I lock my door oh when it rains, when it rains, I pour
Oh don't you know?
When it rains, when it rains, I pour
