Come to Me

Velvet Chain

Words and music: jeff stacyWon't you come see me now, my love
Are you thinking of me
And how easy it could be
Won't you come over to me now
We could be together
Will you stay away
Will you stay away forever
I haven't seen you for so long
If there's something wrong
Come to meI am thinking of you now
Close my eyes and you are here
Drifting through me
Like a gentle breeze weaving all around me
Like a fog caressing the ocean
Thoughts of you roll over me
I haven't seen you for so long
Come to me...I know it's not over, this is just a passing phase
I know you're thinking of me too
You know what you've been missing
And I've been waiting just for you
I'm on fire but you're not here with me
Everything about it
Makes no sense to meYou're afraid of coming over
You're afraid that you love me
Did you stay away because you do
Even if I loved you too
Everything will be all right
I haven't seen you for so long
Come to me... come to meCome to me when you're feeling alone
And you're unhappy
When everything is wrong
And you are longing for me again
Please don't be afraid, it's all okay, I'm waiting for you
You can come to me - you can come to me
I don't wanna see nobody else
Come to me
You can come to meIf you thought I . . .
Was in danger . . .
Would you come and rescue me?Come to me...
