Checkin' It Out

Van Morrison

We've got to put our heads together
I'm sure that we can work it out
I'm weighin' up the situation
And checkin' it out
Takin' it further
Takin' it further
Checkin' it outThis is a workin' situation
I'm tellin' you without a doubt
We've gotta pull it all in tight, baby
Checkin' it out
Takin' it further
Takin' it further
Checkin' it outAnd all the obstacles along the way
Sometimes may feel so tremendous
There are guides and spirits all along the way
Who will befriend usLet's talk it out across the table
Make sure that we leave nothin' out
Get into it like a meditation
Start checkin' it out
Takin' it further
Takin' it further
Checkin' it outAnd all the obstacles along the way
Might be tremendous
There are guides and spirits all along the way
Who will befriend usLet's talk it out across the table
Make sure that we leave nothin' out
Get into it love meditation
Start checkin' it out
Takin' it further
Takin' it further
Checkin' it outCheckin' it out, now baby
Checkin' it out checkin' it out
You meditate, you meditate
You meditate
And you come back
You come back
