Rise & Fall

Justice Crew

I could see your voice, but I could never hear it
Through the static noise around me
But I can't give up, so I keep on swimming
Through the ocean 'till you find me
Life's our only way
Your heart can keep me safe
Tonight, I'm floating toward my homeOoh, lost in the water
Save me before I drown
Take me away tonight
Onto your iceberg,
I'll let my anchor down
Under the northern lights
Your heart is homeWe're a dancing flame
Our fire's always burning
Growing brighter all the time
Though the Earth might shake,
I know it's always turning
'Cause you remind me we'll be fine
Life's a rolling wave
Your heart can keep me safe
Tonight, I'm floating toward my homeOoh, lost in the water
Save me before I drown
Take me away tonight
Onto your iceberg,
I'll let my anchor down
Under the Northern lights
Your heart is homeI feel the beat, I feel the beat, I feel the beat,
Rise & fall
I feel the beat, I feel the beat, I feel the beat,
Rise & fall
I feel the beat, I feel the beat, I feel the beat,
Rise & fall
I feel the beat, I feel the beat, I feel the beat,
Rise & fallCan we breathe, just for a minute?!
Come and take my hand, now that we're in it
Let the moment freeze, so we won't forget it
Tonight, tonight!Lost in the water
Save me before I drown
Take me away tonight

Onto your iceberg,
I'll let my anchor down
Under the Northern lights
Your heart is homeI feel the beat, I feel the beat, I feel the beat,
Rise & fall
I feel the beat, I feel the beat, I feel the beat,
Rise & fall
I feel the beat, I feel the beat, I feel the beat,
Rise & fall
I feel the beat, I feel the beat, I feel the beat,
Rise & fallOooh oooh oh oh oooh oh oh
Rise & fall
Oooh oooh oh oh oooh oh oh
Rise & fall
Oooh oooh oh oh oooh oh oh
Your heart is home
