Street Spirit

Radiohead

Rows of houses all bearing down on me
I can feel their blue hands touching me
All these things into position
All these things we'll one day swallow wholeAnd fade out again
And fade outThis machine will, will not communicate
These thoughts and the strain I am under
Be a world child, form a circle
Before we all go underAnd fade out again
And fade out againCracked eggs, dead birds
Scream as they fight for life
I can feel death, can see its beady eyes
All these things into position
All these things we'll one day swallow wholeAnd fade out again
And fade out againImmerse your soul in love
Immerse your soul in love
