What Else Can I Do

Bonnie Owens

I've done everything a girl suppose to do
When she's trying hard to prove her love is true
I've given up the things you asked me to tell me darling what else can I do
Must I fall down on my knees and beg your mercy or cry until my eyes no longer see
When I give all I can give and my fate is left with you
Tell me darling what else can I do
[steel]
Must I fall down on my knees...
Tell me darling what else can I do
