

Hold On

Shawn Mendes

Stop, taking in and I breathe for a minute
I think too much when I'm alone
I'll never wait when I keep all my thoughts inside
So I'll pick up the phone And my dad says Shawn stay with me
Everything will be alright
And I know I haven't seen you lately
But you're always on my mind
I don't know what, you're going through
But there's so much left ahead of you
And it won't slow down no matter what you do
So you just gotta hold on
All we can do is hold on These days are flying by
Weeks feel like minutes
I can't remember being small
I tried to figure it out
I can't seem to find out how
I guess I don't know much at all And my dad says Shawn stay with me
Everything will be alright
Ohh yeah
And I know I haven't seen you lately
But you're always on my mind (Yeah)
I don't know what, you're going through
But there's so much left ahead of you
And it won't slow down no matter what you do
So you just gotta hold on (Yeah)
All we can do is hold on (Yeah)
