

10.000 Nights Of Thunder

Alphabeat

I was not looking for arty farty love
I wanted someone to love completely
Someone more than weekly I was looking for a decent boy
For a tender glance
For a safety dance The withering heights
And the stormy nights You give me 10.000 nights of thunder
But I will give them all back to you
'Cause you're so uh, so ah, so cool. You came like a thief in the night and stole my heart
Like a solitude erasure
Like an elevator I know we'd do anything for love
And it is you and me
For all eternity The withering heights
And the stormy nights You give me 10.000 nights of thunder
But I will give them all back to you
'Cause you're so uh, so ah, so cool,
Baby you're so super-supremely-ba-ba-di-oh
It feels like 10.000 nights of thunder
When I've spend one with you
You're so uh, so ah, so cool
Baby you're so super-supremely-ba-ba-di-oh Baby baby you're irresistible and I'm insatiable
Yeah love is an ocean of sweet emotion You give me 10.000 nights of thunder
But I will give them all back to you
'Cause you're so uh, so ah, so cool,
Baby you're so super-supremely-ba-ba-di-oh
It feels like 10.000 nights of thunder
When I've spend one with you
You're so uh, so ah, so cool
Baby you're so super-supremely-ba-ba-di-oh
You give me 10.000 nights of thunder
But I will give them all back to you
You're so uh, so ah, so cool,
Baby you're so super-supremely-ba-ba-di-oh.
You're so uh, so ah, so cool,
Baby you're so super-supremely-ba-ba-di-oh,
You're so uh, so ah, so cool
