# The Watchman's Lament

## Ed Kowalczyk

Why do we sleep tonight why don't we keep the watch?
When the master said we know not
When he comes, when he will come now
Gonna testify to the love, and the light i've been given
But i'm mystifyed by the signs and the things undiscovered
Gonna testify to the love and the light ive been given.
Gonna testify
Why can't we rise again
Why don't we right this wrong
When inside my heart I know...
I am strong, he made me strong now
I guess it's the part of me that believed in her
Hey, we all long to be loved
To be whole again, like a child
