Skins

Merlyn

You are subject to inspections
Those are not your lips
Have you been kissed by a computer
Are you able to move your hipsCHORUS:
It's the skins, have you seen her
Holding us in
The skins, have you seen her
We cling to our skin
Is it true, are you changing
If so, I won't come in
Are you going to be different
There's a war without skin(Repeat Chorus)Randy Perkins, where are you now?
The age of innocence is dead
Legions of legends have shown us how
When your raging, it's so hard to keep your head
When your raging, it's so hard to keep your head
I'm not complaining, it's so hard to keep your head
When your raging, it's so hard to keep your head(Repeat Chorus)
