Send Me No Flowers

Nellie Mckay

Send me no flowers
Send me no flowers
Just want your arms around me
Your ever lovin' arms around me
You sent me flowers and a 'Get well' card
After you had broken my heartViolets that were blue
Reminded me you'd never be true
So send me no flowers
Don't need any flowers
Because your kissin', baby
Is what I'm missin', babyWhen I'm at home, all alone
You don't even bother, bother to phone
A little affection sometimes
Will sooth this heart of mine
But you send me flowers
To ease my lonely hoursSend me no flowers
Don't need any flowers
Just need your kissin', baby
And I don't mean maybe, babySend me no flowers, baby
Don't need any flowers, baby
I need affection sometimes
To sooth this heart of mineSend me no flowers, baby
Don't need any flowers, baby
I need affection sometimes
To sooth this heart of mineSend me no flowers, baby
Don't need any flowers, baby
I need affection sometimes
To sooth this heart of mine
