Keeping Our Love Alive

Nazareth

C'mon make my day
That's what she said, pointing her gun
Your luck's on the run
Some fast talkin', quick step walkin', roadblocks aheadYou may say I'm guilty but I try
Keepin' our love aliveThe judge and jury
The accused in fury--clutching at straws
It's all for the cause
Circumstances blew your chances
It's understoodYou mat say I'm guilty but I tried
Keepin' our love alive, keepin' our love aliveTreadin' through the grapevine
Sendin' you a lifeline
Don't let it goYou may say I'm guilty but I tried
Keepin' our love alive
Keepin' our love alive(rankin, mccafferty, agnew, sweet)
Bob n' weave music
