Country

Andrew Stockdale

People are crazy, people are hazy
And everythings are hastled
Thats why im going to move into the countryThe wheels fall off and comin' down
and maybe its time just to settle down
Maybe its time just to stop foolin' aroundJust move out to the country
Just move out to the country
Just move out to the countryCant pull the sticks, gonna give my fix
and gonna get out to mother nature's sound
Gonna get out and theres no more need to hideWhere there is no need to hide
Where there is no need to hide
Where there is no need to hideAaaaaaaaaaaaaah
It's so pleasent there
Now living without a care
Aaaaaaaaaaaaaah
Let me stay for a whileJust livin' in the country
Just livin' in the country
Just livin' in the country
