Up In Here

Chad Muska

Yo yo yo
It's crazy you hear that
That's my man Bow Wow
Hey you know it's off the hook when we up in here
So so def let's go
Microphone check one two ain't nobody comin' like I'm comin'
When I come through so get ready I'm the real deal
And you can see what I'm sayin' even if you standin' two blocks away
I'm from the C.O. and I won' stop
I'm only 14 makin' more than yo pops
I'm sayin' you already know what I'm about
If you don't take cover 'cause the dog is out
You can either flee the scene or keep your frown
Better yet find somethn' to do
Till I die down and that ain't happening no time soon
Why?
'Cause I keep gettin' y'all with the boom
It goes back to back we the empire
Get out the way or get burned by the fire
My plans ain't to stay in the racks so run and tell your friends
The phenomenon's back
Up in here
I know you want me, want me baby girl here I am come get me
Up in here
Off the chain and you know that I brought Ohio with me
I'm up in here
Now get loud jump up off in the crowd let me see whatcha all about
Up in here
Now this my world and all I want to do is see you let the dogs out
You thinkin' it's a game
Playboy you gotta be a lil bit more realistic
And state your claim when I say we off the chain
I'm talkin' tigers and dogs, not puppy dogs, they can't run in this game
From Ohio to Lauderdale we keep it crackin'
Like it ain't nothin' but sucona on 22 and gels
And ain't nothin' you can tell 'em, 'cause we the future
And the stakes is high, you get stocks you better sell 'em
Man I'm too legit to quit and in a half a year
I won't be nothin' to lick wit, get it lick wit

Now I'm talkin' diffa denz, Mercedes and Benz
Trips to Sowetos, cuties in Switzerland and I still got flow
You know that lil black boy when I come around
It's like a fashion show wit Lil Bow Wow
Of course you know what I be
T-I-G-A-H and I make em' say ahh when I'm
Up in here
I know you want me, want me baby girl here I am come get me
Up in here
Off the chain and you know that I brought Ohio with me
I'm up in here
Now get loud jump up off in the crowd let me see whatcha all about
Up in here
Now this my world and all I want to do is see you let the dogs out
I'm doin' too much, they call me young Walter Payton
'Cause I come through the line untouched
Then no matter what harm be your pop if the dog lay on it
Is going to the top I den change the game
I get all the girls even Lil Kim screamin' my name
You can fight it, fight it but try not to like it
But you kids'll go crazy if they don't see me I'm
So so def till the end around here
We hit and do it over again, how many y'all can say that?
How many of y'all 14 was sittin' back watchin' paper stack?
It's a known fact that all the greats started this age
I ain't trynna say that' I'm the greatest yet
But I will say I'm goin' down that page
Up in here
I know you want me, want me baby girl here I am come get me
Up in here
Off the chain and you know that I brought Ohio with me
I'm up in here
Now get loud jump up off in the crowd let me see whatcha all about
Up in here
Now this my world and all I want to do is see you let the dogs out
Up in here, yo
Yeah, up in here
Every time man, every trip man
I don't care what it is
Up in here
If I'm up in here then somethin' gon happen
Up in here
That's fo sho man, so so def man and every trip we
Up in here
