Chronic (On the Inside)

Rayvon

Yeah, girl, you know how we do around my way
Yeah, they call me Sugar Ray Ray
Won't you come on over for this love ride?
We watch the player's sunrise 'cause my crib is
Like the chronic on the insideGot my eye on a sexy dame
Hey, little cutie, tell me what's your name?
I'm Mr. Rayvon you call me Ray
Knockin' honies is my claim to fameCan't remember havin' seen you 'round
Tell me, baby, are you new in town?
Your picture's in the player's lost and found
Now we're homeward boundMy crib is like chronic on the inside
Got you all hooked on my joyride
Little cutie, let me slap you on the backside
It's no surprise, enjoy the rideHave you ever seen the player's sunrise?
Early morning love under the blue skies
Calling out my name with your love cries
It's no surprise, enjoy the rideNow I am a man who know just how to play
You better know this is your lucky day
I got a reputation 'round my way
I can't deny a single word they sayTo tell the truth, I don't have no regrets
You shouldn't let the rumors pose a threat
Just think about the times I made you sweat
Girl, you can't forgetMy crib is like chronic on the inside
Got you all hooked on my joyride
Little cutie let me slap you on the backside
It's no surprise, enjoy the rideHave you ever seen the player's sunrise?
Early morning love under the blue skies
Calling out my name with your love cries
It's no surprise, enjoy the ride(Let me know)
Girl, you gotta let me know
(Let it show)
Girl, you gotta let it show
(Let me know)
If you want it you can get it
Every minute, every second, every hour
(Let it show)(Let me know)
Girl, you gotta let me know
(Let it show)
Girl, you gotta let it show

(Let me know)
Every minute, every second, every hour
(Let it show)(Chronic on the inside)
Chronic on the inside
(Hooked on my joyride)
Hooked on my joyride
(Slap you on the backside)
Flip you on your back side
(It's no surprise, enjoy the ride)Have you ever seen the player's sunrise?
Early morning love under the blue skies
Calling out my name with your love cries
It's no surprise, enjoy the rideGot my eye on a sexy dame
Hey, little cutie, tell me what's your name?
I'm Mr. Rayvon, you can call me Ray
Knockin' honies is my claim to fameCan't remember havin' seen you 'round
Tell me, baby, are you new in town?
Your picture's in the player's lost and found
Now we're homeward boundMy crib is lying
(Chronic on the inside)
Chronic on the inside
(Hooked on my joyride)
Hooked on my joyride
(Slap you on the backside)
Flip you on your back side
Enjoy the rideHave you ever seen the player's sunrise?
Early morning love under the blue skies
And when you're calling out my name with your love cries
It's no surprise, enjoy the ride(Let me know)
Girl, you gotta let me know
(Let it show)
Girl, you gotta let me show
(Let me know)
If you want it you can get it
Every minute, every second, every hour
(Let it show)(Let me know)
Girl, you gotta let me know
(Let it show)
Girl, you gotta let it show
(Let me know)
If you want it you can get it
Every minute, every second, every hour on hour
(Let it show)(Chronic on the inside)
Chronic on the inside
(Hooked on my joyride)
Hooked on my joyride

(Slap you on the backside)
(It's no surprise, enjoy the ride)(Seen the player's sunrise)
Seen the player's sunrise
(Love under the blue skies)
Love under th blue skies
(Playing with your love cries)
(It's no surprise, enjoy the ride)(Chronic on the inside)
Chronic on the inside
(Hooked on my joyride)
You got me hookin' on my joyride
(Slap you on the backside)
Every minute, every second, every hour
On an hour, on an hour
(It's no surprise, enjoy the ride)(Seen the player's sunrise)
Player's sunrise
(Love under the blue skies)
Love under the blue skies
(Playing with your love cries)
(It's no surprise to say goodbye now)
