Not a Kid Anymore

State Shirt

i open the floodgates
and hope it won't hurtinside i confidegrowing up seems so long ago
fill my cup with days i can't let go
the only thing that i've ever learned
is that i'm not a kid anymoredrenched in a cold sweat
change 'cause i can't deal
when will i really live?inside i confidegrowing up seems so long ago
fill my cup with days i can't let go
the only thing that i've ever learned
is that i'm not a kid anymoreage creeping up on me
emptiness and waiting to dieinside i confidegrowing up seems so long ago
fill my cup with days i can't let go
the only thing that i've ever learned
is that i'm not a kid anymorei open the floodgates
and hope it won't hurt
