Photo Boys

RADIORADIO

You defy the sky, the weather
Thousand volt electri-go-round
Like a flash that splits the air and
The photo boys holler outYou are the moment
I wanna be your in-between
You are the moment
I wanna be your in-betweenIf I could capture you forever
The future perfect into the past
Technicolor, cinematic
The ingnues never lastYou are the moment
I wanna be your in-between
You are the moment
I wanna be your in-between
