Noize

Dropzone

Ooh, ooh, ooh, ooh
This is mattress music
Hey, yeah
Oh, la, la, la, na, na, na
Now I'mma give it to you, baby, just the way you like it, aye
And I can tell by the way you holdin' on the bed that you like it
And you tryin' hard not to scream but your pillow biting
Girl, please don't fight it
(Yeah)
La, la, la, na, na, na
'Cause every time you push and pull it just goes deeper
(Deeper)
So open up nice and wide, baby, I'm gone feed ya
(Feed ya)
And we 'bout to make a movie, a double feature
(Ooh)
Scream if you need to
Tell the mattress to be quiet, I can't hear you
And I love it when you make that noize, noize, noize
Screamin' 'til you lose your voice, voice, voice
This so good you ain't got no choice
Baby, wanna make you moist, that's when you make that noize
So go a little loud for me
Ay, aye, ay, baby, baby
Go a little loud for me
Aye, aye, aye
(Ooh, ooh)
Baby, baby
Go and get loud for me
Aye, aye, aye
(Ooh, ooh)
Baby, baby
Go and get loud for me
Aye, aye, aye
(Ooh, ooh)
Yea
Said, I love it when you make that noize
I'mma have you saying, ooh, ooh
So really where you going, baby?

Come now and take that
(Take that)
Ooh, ooh
I know you feel it in your stomach
It's impossible to fake that
(Fake that)
Ooh, ooh
Turn around, poke it out, bend it over
Now shake that
(Shake that)
Make that, face that
Hot like la, la, la, la, oh, ooh
I'mma spit it, then like it, then run all up in it, girl
(Girl, girl)
First I'mma stand back and stare at it a minute, girl, oh, oh
(Girl, let me look at that thing)
Got a nigga so hot like I'm standing in the kitchen
I was a loocher so scream if you need to
Tell the mattress to be quiet, I can't hear you
And I love it when you make that noize, noize, noize
Screamin' 'til you lose your voice, voice, voice
This so good you ain't got no choice
Baby, wanna make you moist, that's when you make that noize
So go a little loud for me
Ay, aye, ay, baby, baby
Go a little loud for me
Aye, aye, aye
(Ooh, ooh)
Baby, baby
Go and get loud for me
Aye, aye, aye
(Ooh, ooh)
Baby, baby
Go and get loud for me
Aye, aye, aye
(Ooh, ooh)
Yea
Said, I love it when you make that noize
