

What Are You Listening To (Live Acoustic)

Chris Stapleton

I put that record on
Girl you know what song
And I let it play again and again You're in every line
Takes me back in time
Yeah tonight I'm wondering What are you listening to
Is it a cover band in some college town bar
Where it's na-na-na's and air guitars Or is it something to get you through
Just a sad song playing on the radio station
Tears still fall and hearts still breakin' Cause you're hanging on
Or is it a love song about someone new
What are you listening to? I like to believe
That you're just like me
Trying to figure out how a good thing goes bad I don't know
I can't let it go
Yeah it's about to drive me mad What are you listening to
Is it a cover band in some college town bar
Where it's na-na-na's and air guitars And is it something to get you through
Just a sad song playing on the radio station
Tears still fall and hearts still breakin' Cause you're hanging on
Or is it a love song about someone new
What are you listening to Is it a feel good song gets you driving too fast
The one that gets you moving on pass to pass
Or the kind you can't help singing along
Singing whoa Is it headphones on on a downtown train
Or a window seat on an outbound plane
Is it LA sunny and Memphis blue
I wish I knew I wish I knew What are you listening to
Is it a cover band in some college town bar
Where it's na-na-na's and air guitars And is it something to get you through
Just a sad song playing on the radio station
Tears still fall and hearts still breakin' Cause you're hanging on
Or is it a love song about someone new
What are you listening to I put that record on, girl you know what song
And I let it play again and again
