Shokei

[Chorus (Repeat 2X's)] [Fonz] Forget about your ex he wasn't good enough, only when he called is when the spot got rough, girl I need to know if I [VEE] qualify, you can call my ex just to verify. Forget about your ex she wasn't down for you, you know I got your back cause I'm feelin' you, tell you right now I qualify, come at me for real, all games aside. [Fonz] [Verse 1] Baby just relax, see you don't have to ask, I got niggas flippin' packs, ring. I'll take you to the lot, which one you want to cop, I'll give you finer things, like carats in your the seven or the drop, just tell me what you need , it ain't about the G's [VEE] See money ain't the thing, it ain't about the rings, and those artificial things, pain. What I need is trust, a little bit of lust, so that everytime we touch, cause all it really brings, is a lot of I feel it in your kiss. Nothing means more than this [Chorus (Repeat 2X's)] [Verse II] [VEE] I heard about your ex, and how she used to flex, all up in the Marriott What? with the platinum on her neck, how you put her in a Lex, refusing her beggots. I know what she needs, how you couldn't believe she was with another kid, all up in the club, blowing up the spot, [Fonz] Anyone could tell, she took me through some hell, wouldn't even post bail, having you around, I think I finally found, a lover I can feel, someone to keep it real, so baby let's chill, just let me know you care, we can take it there [Chorus (Repeat 2X's)] Come and love me right Break [repeat 5X's] Can you qualify Stay with me tonight Could you be the one for me [Thanks to kejenki_21@yahoo.com for these lyrics]
