Throw It All Away

112

How could you just hurt me and leave me?
(Leave me all alone)
How could you destroy my life?
How could you throw it all away?What made you desert me and deceive me?
Why did you just let me down?
How could you throw it all away?How could you throw?
(How could you throw it all away?)
Throw it all
(Throw it all away)When I gave my all, baby
(How could you throw it all away?)
Girl, I gave my all, how could you throw?
(How could you throw it all away?)How could you throw?
(Throw it all away)
You destroyed my life, baby
(How could you throw it all away?)How could you just lead me into thinkin'?
(Thinkin' you would be there)
How could you destroy my heart?
How could you throw it all away?I love you, believe you and I trusted you
(Put all my trust in you)
How could you just let me down?
How could you throw it all way?How could you throw?
(How could you throw it all away?)
Girl, how could you
(Throw it all away)How could you just take it all, baby?
(How could you throw it all away?)
Oh, how could you throw?
(How could you throw it all away?)Throw it all
(Throw it all away)
When I gave my love away
(How could you throw it all away?)(I love you girl)
Girl, I love you and you love me
(You love me so)
(Where did we go wrong)
Where did we go wrongI know, I gave you my all
(I know that I gave my all to you)
Somehow
(But somehow that wasn't good enough)How could you throw it away?
(How could you throw it all away?)
How?

(Throw it all away)How could you destroy my life, baby?
(How could you throw it all away?)
How could you throw it all away?
How could you throw?
(How could you throw it all away?)How could you throw it all away?
(Throw it all away)
When I gave you my all, baby
(How could you throw it all away?)Oh, how could you throw?
(How could you throw it all away?)
Throw it all
(Throw it all away)How could you destroy my life?
(How could you throw it all away?)
Oh, girl I will
(How could you throw it all away?)Always love you
(Throw it all away)
Forever and ever
(How could you throw it all away?)
How could you throw it all away?
