Silver Tongue

Daniel Levi Goans

Rocks and trees move for me
People lift your hands
Iâ€™s born with a silver tongue

Words will rise with stacked up sighs
Piled neat and high
From birthâ€™s first light God gave me piercing sight

Symphony
Pour from me
Fill the air with ease

I met a girl worth singing for
The first one I could not ignore
On our wedding day she passed away

Went down to hell to spring her from that jail
My songs unlocked the gates
I tried to bring her home but I looked back and she was gone

Symphonies
Landlocked me
Robbed my nights of sleep

Thought I had the devil fooled but even heâ€™s got rules
Iâ€™m cursed to wander alone
The song in me plants the deepest seeds

Deep in the night in the middle of May
I leaned in close and thought I heard her say
My love wait for me now and always
