Feeling Lazy

Lightning Seeds

Mr Johnson's car gets the weekend shine
And it's so fine
Music plays on radios
And Lisa in the garden singing to the washing lineWell, never mind
People do the strangest things
Our English sky may well cry
Housewives talk, but I'm so boredOh, did you love that lazy feeling?
(Do you love that lazy feeling?)
So do you feel like sleeping?
(Let the world go by)Mr Bentley yawns, he hates the daily grind
So it's goodnight, a thousand sleepy heads on pillows
Monday start all over, Tuesday safe behind your blinds
Come on over, we can spend an hour or twoOur English sky may well cry
Housewives talk, but I'm so bored
We spent a perfect day and talked the hours away
Just drifting through the streets and melting in the heartOh, do you love that lazy feeling?
(Do you love that lazy feeling?)
So do you feel like sleeping?
(Let the world go by)Do you feel like sleeping?
Do you feel like sleeping?
