

# Might As Well Get Stoned

[Chris Stapleton](#)

Well, she said, she didnâ€™t love me  
And kicked me out the door  
Now Iâ€™m livinâ€™ in one room  
And sleepinâ€™ on the floor  
Think Iâ€™m gonna kick my boots off  
And put some music on  
And since Iâ€™m all alone  
I might as well get stoned

I might as well get stoned  
Get it off my mind  
Ainâ€™t got a thing to do  
All Iâ€™ve got is time  
The bottleâ€™s all Iâ€™ve had to be a friend of mine  
And since my whiskeyâ€™s gone  
I might as well get stoned

Now every time I watch the TV  
Another soldier dies  
Another brotherâ€™s gone  
Another mother cries  
Now I know theyâ€™ve got a job to do  
But if I had one wish  
I wish theyâ€™d all come home  
So, we could all get stoned

---
