So Human

Rosie Lowe

No holding back
Lay your army down
No need for that
If you just relax
You can tell me anything
I'm ready to be everythingI love it when you seem so human
Nothing [?] went so confusing
Obviously you've cried before and lied before
Makes me feel I'm alright
I love it when you seem so human
Nothing [?] went so confusing
Obviously you've cried before and lied before
Makes me feel I'm alright
I know why you're here, here
Make yourself comfortable
Make this house your home
You built your walls high, me knocking down
I can feel you better when you're not around with me
Good, lie next to me, nothing wrong with a little therapy, ohI love it when you seem so human
Nothing [?] went so confusing
Obviously you've cried before and lied before
Makes me feel I'm alright
I love it when you seem so human
Nothing [?] went so confusing
Obviously you've cried before and lied before
Makes me feel I'm alrightI can sleep so good at night
I can sleep so good at night
Take your lie (Pull it out)
Take your mind (Pull it out)
All my love (Pull it out)
We don't need [?]
Take your lie (Pull it out)
Take your mind (Pull it out)
All my love (Pull it out)
We don't need [?]I love it when you seem so human
Nothing [?] went so confusing
Obviously you've cried before and lied before
Makes me feel I'm alright
I love it when you seem so human

Nothing [?] went so confusing
Obviously you've cried before and lied before
Makes me feel I'm alrightI can sleep so good at night
When there's nothing left to hide
