My Someone To Love

Roberta Flack

I was so sure there'd always be you to love
The quick remedy for all my broken hearts
You were the one that I could always call
I knew when I needed you, that you'd be there
You were the one that I always came back to
But the rules of the game that I'm playing just weren't fair
And now there's no answer, can you hear me calling you?
It can be true that this time, you're not there
My someone to love has gone from my life
Taken the light
My someone to love looked in my eyes
Brought me the night
Someone to love
Time and again, I cry and call your name
You got to believe that this time there's no false alarm, no
I want you to know what I feel in this heart of mine, ooh, oh
Baby, look in my eyes and you'll know I'm for real
My someone to love has gone from my life
Taken the light
My someone to love looked in my eyes
Brought me the night
Brought me the night
Brought me the night
Someone to love
My someone to love has gone from my life
Taken the light
My someone to love looked in my eyes
Brought me the night
My someone to love has gone from my life
Taken the light
Someone I loved looked in my eyes
Brought me the night
Brought me the night
Brought me the night
Brought me the night
My someone to love took all my dreams
Bring me to light, took all the light
Someone I loved, gone from my life
Someone to love, feel like the night

Someone to love, someone to love
Someone to love
Gone from my dreams
Gone from my life
Someone to love
