

Let Me Love You More

[Geri Halliwell](#)

It's when I look at you that I'm suddenly alive
And it all makes sense
When it feel so beautiful, completely natural
Well it's love I guess This is the closest thing, I did imagined it to be
With one kiss, one touch, I'm in heaven
We can make it last baby Feel my love tonight knowing it's not goodbye
Leaving my heart at the door
Keep it warm and true giving it all to you
I'm coming back for more so let me love you more It's when you look at me that I feel like I'm at home
It all works out
It's my own miracle so free and wonderful
It's what it's all about This is the closest thing, I did imagined it to be
With one kiss, one touch, I'm in heaven
We can make it last baby Feel my love tonight knowing it's not goodbye
Leaving my heart at the door
Keep it warm and true giving it all to you
I'm coming back for more so let me love you more Feel my love tonight knowing it's not goodbye
Leaving my heart at the door
Keep it warm and true giving it all to you
I'm coming back for more Why is it so confusing
I always thought
I couldn't love you anymore than I do
But I do Feel my love tonight knowing it's not goodbye
Leaving my heart at the door
Keep it warm and true giving it all to you
I'm coming back for more so let me love you more Feel my love tonight knowing it's not goodbye
Leaving my heart at the door
Keep it warm and true giving it all to you
I'm coming back for more so let me love you more
