Wavey

Dxn Xndrey

Baby It's getting so overdue
Look at the things that you made me do
Lately I'm getting so over you
Yeah" Yeeah"
Im tryin find some way to get you out my mind right now
Out my mind right now Yeah
Overdue Ough Oughh Yeah
from rags to the richest
From rags to the richest Im getting my wishes
my third eye" View"
My third eye I pray for more Blessings
Blessings on Blessings I feel Like im living my wishes
I told my old dogs hold on
Imma drop me more waves for the ocean
Wavey on Wavey on Waves Oh God im getting so wavey
Brought the wave out to the city
young nigs out trynna see me
Im getting babe mama problems
Aint even got no babe
I'm bad with decisions"
Its part of my journey x2
But i aint no Player x2
Its part of my journey
Yeah its part of my journey its part of my journey

Bridge:

I told you baby this aint nothing new aye nothing new
you know that I came from the avenue aye avenue
Don't tell me its getting so Overdue aye Overdue
Don't tell me its getting so overdue' Over do it"

This aint nothing new
baby girl you know
I was coming thru
from the avenue
and I wanted you
and I know you knew
your homegirls dont want me to get with you

This aint nothing new
Don't get comfortable
I was into you you were doing you
its our generation never had a pots to piss in steady flexin on my mission"
