For the World (Live at Wacken Open Air 1998)

Iron Savior

We're the defenders, we are the ones
Bleeding
For all the creatures, the land and the seas
Give us peace
And with the courage born in despair
Hopeless
We will resist your banners of pain
Break the chain
Holy machine - creator of sorrows
Awake - wake from your dream
And redeem
Rise from the ocean of darkness
Where you've been so long
Cosmic insanity
Regain your clarity
For the freedom
And for the world
Hope is our guiding light
It will shine
United we stand to fight
For the freedom
And for the world
For all - and for the world
Sacred messiah, prophet in arms
Liar
Blasphemious saint lost in the dark
Brave at heart
We will oppose, stand up against you
Return - and let your soul take control
Come back to life
Drive the demons of madness away
Cosmic insanity...
We will oppose, stand up against you
Return - and let your soul
Take control
Come back to life
Drive the demons of madness away
Cosmic insanity...
Forever we'll be

United and free
For the freedom
And for the world...
