New Thing (new Version)

John Waite

There's something in you... child
A mystery that I can't define
But it blows my mind
I'm walking on air... with you
A kite in the sky
Without a care
It's something we share
And all of these clues
Lead me to youHey!... I'm so surprised
Everything that fills my eyes
Is about you and this new thing
Hey! Is it really true
Everything I say and do
Is about you and this new thing... lo'And if I feel blue... child
I come to you so free and so wild
And I feel fine
The little things you do... I find
Here in my eyes, my heart and my mind
Your sexy smile
Your sense of style
Your kiss!Hey!... I'm so surprised
Everything that fills my eyes
Is about you and this new thing
Hey! Is it really true
Everything I say and do
Is about you
Hey!... It fells so good
I never thought I ever would
Find a new thing
Such a new thing
Hey!... One and one make two
So everything I say and do is about you
And this new thing... love
And this new thing... Love
