# Who the Hell Do You Think You Are?

## James Reyne

Somewhere just along that line
He lost control
Singing sirens you ain't no shining star
And everybody said
Hey Mr Wayward Soul
Tell me who the hell do you think you areAnd the nightingale
Sing's it's fairytale
In the Stardust Bar
The sooner we get out of town
London Bridge is falling down
Who the hell do you think you areWelcome the high-rise boys
Welcome the star
Boston Brahmins are making noise
Who the hell do you think you areAnd he swaggers now
Into the sun
Shadow moon shadow
From afar
Telling everybody
You're the only oneTell me who the hell do you think you are
Tell me who the hell do you think you areWelcome the low life and lonely
Bearing the scar
And you're saying that you're one & only
Who the hell do you think you are
And the word is out
They say you're gonna run
Tell me who the hell do you think you are
And the Whiff of Bedlam
From that smoking gunTell me who the hell do you think you are
Tell me who the hell do you think you are
